8850 Product Overview

What is Sureshotgps?

totalpda®

Sureshotgps is a compact, colour screen, hand-held, easy to use GPS device specifically, legally and R&A approved for the game of **golf**. Wherever in the world you play **golf**, the Sureshotgps will provide you with distances from the back, centre and front of the green, plus up to 15 hazards along the way.

Select from over 14,000 mapped courses world-wide, or map your own.

- Extremely easy to use
- Coloured screen with backlight
- Large colourful images
- Displays live distances from you to 33 points per hole
- Play anywhere
- Map your own course
- Worldwide product
- Holds up to 100 courses
[subject to membership]
- Score your game
- Analyse results
- Rechargeable battery
- Legal and approved

sureshotgps™
know the distance

Why use a Sureshotgps?

totalpda®

- Increases the speed of play by removing the need to look for distance markers.
- Increases the enjoyment of the game as golfers can play to their full potential through understanding their own game in a greater depth.
- To gauge accurate, sub-metre measurements on any mapped course.
- Displays live distances from you to the front, centre and back of the green from anywhere on the course.
- Also displays the distance to up to 15 hazards per hole and the carry point to avoid them.

Know and experience the distance & difference: Sureshotgps™ 8850
By using the latest in GPS technology, designed specifically for golf, the Sureshotgps™ 8850 model delivers more to every golfer around the world. Take the challenge out of guessing and know the distance on every course with the new option to hold up to 100 interchangeable courses.

Love your Apple Mac computer? The new 8850 model is now Mac compatible (from July 2009). Plus, with a choice of aerial colours, personalise your Sureshotgps™ with individual flair. Accurate distances to the front, centre and back of up to 15 hazards per hole are uniquely displayed on a full colour screen. Play to your full potential by knowing the distance from every position on the course.

Enjoy the increased speed of play and enjoy knowing you can use it anywhere in the world.
